A.D.A.S. QUARTERLY REVIEW

INDEX TO ISSUES 1-15
of A.D.A.S. Quarterly Review
1971-74

Subject Pages 3-5

Author Pages 7-10

LONDON: HER MAJESTY'S STATIONERY OFFICE
1975

SUBJECT INDEX

ISSUES 1-15

	Issue	Page
ADVISORY WORK		
Initiating an Advisory Programme	4	154
One Way of Filling the Advisory Vacuum	10	81
The Value of Advice on Potato Cyst Eelworm in South-West Lancashire—the Results of a 1970 Study	6	1
AGRONOMY		
A Comprehensive Approach to the Potato Rotation	2	49
A Pilot Survey of Grassland in South-East England	10	56
A Survey of Forage Maize Crops in Berkshire and Buckinghamshire, Autumn 1972	9	31
Crop Growth Rate and Sward Structure in Spring and Late Summer	3	95
Direct Drilling of Fodder Crops	3	121
Growing Forage Maize—Results of Two Surveys	13	9
Growing Silage Maize	4	177
Growing Sugar Beet for Seed in England	9	10
Investigations into Bunker Ensilage at Experimental Husbandry Farms and Elsewhere during the Last Decade	5	1
Reflections on the Trend to Minimum Cultivation	10	85
The Agronomy and Physiology of Grain Maize	9	24
The Future Role of Grassland in Dairy Farming in England and Wales	2	53
The Production and Treatment of Seed Potatoes for Early Cropping	7	123
ANIMAL HUSBANDRY		
Artificial Rearing of Lambs	12	163
Beef Production from the Dairy Herd	14	71
Bull Beef Production	4	160
Economic and Husbandry Aspects of the Manifestation and Detection of Oestrus in Cows (Part I)	12	175
Economic and Husbandry Aspects of the Manifestation and Detection of Oestrus in Cows (Part II)	13	19
Economic and Husbandry Aspects of the Manifestation and Detection of Oestrus in Cows (Part III)	15	83
Increasing the Returns from Dairying—A Review of Dairy Experiments on the Experimental Husbandry Farms	2	76
Recent Developments in Calf Rearing based largely on Studies at Experimental Husbandry Farms	4	167
ANIMAL NUTRITION		
A Novel Method for Predicting the Nutritive Value of Forage Crops	12	151
An Evaluation of the World's Major Cereal Grains for the Growing Pig	7	99
Brassica Waste as a Feed for Beef Animals and Dairy Cows	3	134
Dried Grass for the Dairy Cow	10	72
Feed Additives for Pigs	8	145
Feeding Sugar Beet Pulp to Farm Livestock	15	114
Further Studies on Spring Grazing Effects on Milk Yields of Dairy Cows	4	141
Protected Lipids in Ruminant Nutrition	15	96
Recent Advances in Sow Nutrition and their Application in Practice	1	30
The Feeding Value of Root Crops for Ruminants	15	107

	Issue	Page
CEREALS		
The Use of Home-grown Wheat for Flour Milling	2	85
FARM MANAGEMENT		
Business Management Advice: Its Value to the Farmer	10	49
Investment in Dairy Herd Reorganization and Expansion	5	29
Stocking Intensity in Relation to Changing Costs	9	1
Winter Fattening of Cattle—Which Crop to Grow?	11	128
FERTILIZERS		
Types of Fertilizers Used on Farm Crops in England and Wales, 1962–70	8	164
HERBICIDES		
Current Developments in Weed Control in Waterways	6	40
Recent Developments in the Use of Herbicides for Grassland Improvement	5	18
The Use of Growth-Regulator Herbicides in Orchards	9	40
HORTICULTURAL MANAGEMENT		
Programme Planning in Horticulture	1	10
Variability of Yield, Price and Gross Income in Horticulture	8	139
HORTICULTURE		
A Review of the Propagation of × *Cupressocyparis leylandii* by Cuttings	11	93
Artificial Illumination in the Production of Commercial Glasshouse Crops	5	23
CO_2 from Hydrocarbon Fuels	1	18
Effects of Light Climate in Apple Orchards	3	109
Nutrition of Hardy Ornamental Nursery Stock	13	27
Recent Advances in the Integrated Control of Glasshouse Pests	3	101
Root Temperature and Plant Growth	6	12
The Production of Potatoes for Canning	1	24
Winter Storage Cabbage	1	38
IRRIGATION		
Crop Irrigation Systems in Israel	12	156
Limited Irrigation for Vegetable Production	1	3
Water Quality Criteria for Crop Irrigation (Chloride, Boron and Sodium)	7	106
MECHANIZATION		
Establishing Vegetable Crops—Mechanization Aspects	5	12
Factors Bearing on Sprayer Performance	5	37
Precision Drill Development and Performance Appraisal	13	1
Straw Disposal	11	107
The Mechanized Harvesting of Brussel Sprouts	8	157
METEOROLOGY		
A Comparison of Glasshouse Crop Water Requirements derived from Sunshine and Solarimeter Records at Efford Experimental Horticulture Station	12	139
Assessment of the Probable Dates for Return to Soil Moisture Capacity in the Autumn	2	71
Autumn Cereal Sowing and the Date of Return to Field Capacity in the Soil	6	36
Autumn Weather and Cereal Growing in England	8	177
NEMATOLOGY		
Breeding Potatoes for Resistance to Cyst Nematodes	7	132
Nematodes and Cereals	6	20

	Issue	Page
PLANT PATHOLOGY		
Cereal Seed-borne Diseases—Changing Control Procedures	14	41
Disease of Grain Maize	11	113
Physiologic Race Survey of Cereal Leaf Pathogens	7	93
Shrivelled Grain or Poor Finishing of Cereals	11	118
The Relative Importance of Silver Scurf and Black Dot: Two Disfiguring Diseases of Potato Tubers	14	53
SURVEYS		
Some Points to Consider when Planning and Conducting Surveys	11	99
Survey of the Progress of Cereal Harvesting and Stubble Cultivation in Oxfordshire and Other Areas from 1971 to 1973	14	62
TRAINING		
The Role of Training in A.D.A.S.	12	145
